

IT and Innovation

The Future is now

IT is the omnipresent topic in the beginning of the 21st century. With our comprehensive portfolio in IT and digital solutions we embrace the digital transformation together with our customers.

Our focus is individual consulting as well as scalable designs and system integration for a better future.

LAN

- ⊗ Individual and scalable designs
- ⊗ Brand comprehensive
- ⊗ High availability
- ⊗ IT Security
- ⊗ Centralized management

WLAN

- ⊗ Individual and scalable designs
- ⊗ Brand comprehensive
- ⊗ High availability
- ⊗ Spectrum analyzes
- ⊗ Centralized management

Room Automation

- ⊗ Centralized room management: Climate, blinds & curtains, lights, audio/video
- ⊗ Automated operation
- ⊗ Predictive Maintenance

CCTV

- ⊗ Centralized CCTV management
- ⊗ Individual and discrete designs
- ⊗ Brand comprehensive
- ⊗ High availability

VoIP

- ⊗ Individual design and consulting
- ⊗ Brand comprehensive
- ⊗ High availability
- ⊗ Scalable designs
- ⊗ Individual Call flows
- ⊗ Mobile Voice
- ⊗ Custom functionalities

Our performance

- ⊗ LAN
- ⊗ WLAN
- ⊗ CCTV
- ⊗ VoIP
- ⊗ Room Automation
- ⊗ Monitoring
- ⊗ Server & Storage
- ⊗ Internet of Things

- ⊗ Brand comprehensive designs
- ⊗ Scalable designs
- ⊗ High availability
- ⊗ Data Center building
- ⊗ Rack cable management
- ⊗ Refit
- ⊗ Internal Communication
- ⊗ External Communication

- ⊗ Project management
- ⊗ Testing and Commissioning
- ⊗ WLAN Planning
- ⊗ Sight Surveys
- ⊗ Spectrum Analyzes
- ⊗ Builder / Owner Coordination
- ⊗ Installation
- ⊗ Design
- ⊗ Digitalization
